

TEN DEPARTMENT STORE SANTA PEEVES

Kids who refuse to believe that's fruitcake on your breath, not gin.
When the last guy to use the beard leaves bits of his lunch in it.
Even with the costume, people recognizing you from "Crime Watch".
Parents who get all uptight when you offer their kids a swig from your hip flask.
That billionaire elf from Texas who won't shut up about running for president.
Enduring the taunts of your old buddies from Drama School.
Those dorks in the Power Rangers costumes get all the babes.
Kids who don't understand that Santa's been a little jittery since he got back from 'Nam.
Constantly being asked, "Is Rudolph gay?".
Two words: lap rash.
